## ITEMS OF INTEREST FROM THE OBERLIN BUSINESS COLLEGE

The fall term of the Oberlin Business College closed last Friday and the Winter Term will open Monday, Jan. 4, 1915.

This school is meeting with great success again this year. With another new building completed this is regarded as the best equipped school of its kind in Ohio.

It is somewhat remarkable that, during the dull times of recent months caused by the War in Europe when great numbers of bookkeepers and stenographers have lost positions, that graduates of the Oberlin Business College have been able to find employment. During the past few weeks, graduates of this school have accepted positions at Cleveland, Detroit, Elyria, Galion, Springfield, and one or two other places.

For many years this school has been noted for its fine class of students and for the thorough training offered and it is this that makes the unusual demand for O. B. C. graduates, no matter whether times are good or bad. Under the circumstances it is not surprising that young people ambitious for the greatest success go to Oberlin in such large numbers for their business training.

## LET PRISONERS HAVE THEM

Anyone having old books or magazines for which they have no further use may serve a worthy purpose with them by leaving them at the Y. M. C. A. some time this week. Word has come that there is a shortage of good reading matter at the Ohio penitentiary at Columbus and that any contributions of magazines or books will be appreciated. To supply the 1700 inmates of this state institution with plenty of suitable reading matter is a problem to which every citizen should give his support. State penitentiaries are no longer looked on as means of punishment, but rather as reformatories and there is no better way of carrying out this enlightened idea than by giving the prisoners good reading matter.

## Back Gives Out

Plenty of Medina Readers Have This Experience

You tax the kidneys—overwork them. They can't keep up the continual strain.

The back may give out—it may ache and pain;

Urinary troubles may set in. Don't wait longer—take Doan's Kidney Pills.

Medina people tell you how they act.

A. H. Ryan, carpenter, 214 East Smith Road, Medina, O., says: "I had an attack of lumbago. For several days I was hardly able to get about. I heard what Doan's Kidney Pills had done for others and I used them. Three boxes cured me and I have had no trouble from my back since."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Ryan had. Oster-Milburn Company, Propt., Buffalo, N. Y.

## SHIP EGGS BY PARCEL POST

At this time of the year when eggs are scarce the demand greatly exceeds the supply of fresh (newly laid) eggs. There are a great many housewives in towns and cities who would be very glad indeed to make arrangements with farmers to receive a stated supply of newly laid eggs every week or so and pay a little more for such eggs than the regular market price. The biggest objection to shipping eggs by parcel post at the present time is the cost of satisfactory egg carriers. However, the difference in price paid for newly laid eggs on the farm and that ordinarily paid for them in cities will more than pay for the egg package and also the postage.

## FERTILIZER SITUATION FOR 1915

Owing to the war in Europe, manufacturers of fertilizers having only a small supply of potash on hand and no prospect of getting any more as long as the war lasts, have been compelled to reduce the per cent of potash down to 2 and 3 per cent of actual potash on all brands of goods containing potash. Some companies have increased the supply of phosphoric acid in these goods from 3 to 5 per cent more than they formerly had in mixed goods, which will help the farmer out to an extent, especially the farmer that makes good use of his manure and other fertilizing material that he has on his farm. Some farms may be benefited by the use of lime. It would be a good idea for every farmer to make an experimental station on his farm, so that he might find out what the soil needs, and be better able to buy fertilizers adapted to that soil. One of the best friends the farmer has is his land, and he is not treating it right if he starves it to death.

## NOTICE

In view of the fact that it has become quite the prevailing custom to allow snow or ice to remain upon the sidewalks, and since there is an ordinance which provides for the removal of snow, ice or dirt from the sidewalks of the Village by the Village Street Commissioner, and the expense of the same will be charged against the property to which the sidewalk belongs, the Village Council takes this way to notify all property owners that hereafter all walks not cleaned within a reasonable time after each storm will be cleaned by men hired to do this work and the costs be charged against the abutting property.
